GOES BY Emily

DATE OF BIRTH November 3, 1952

INSURANCE / MEDICAID Blue folder in the kitchen dresser. A copy of the medication list is on the fridge for the paramedics — keeping that current matt... (see full letter)

DIAGNOSES

Atrial fibrillation (2019). Osteoarthritis, both knees and the right hip. Hearing loss, aided.

ALLERGIES

Sulfa drugs — rash, documented at Tri-County General.

CURRENT MEDICATIONS

Apixaban

5 mg twice daily — Blood thinner — never skip; any head knock is an ER visit

HOW THEY COMMUNICATE

Say it straight and say it once. Money comes better from me, health from Molly. Never open with 'we've decided.'

YES / NO

Hearing aids both ears; she forgets the left one twice a week. Memory is sharp for 1974 and patchy for last Tuesday, an... (see full letter)

SIGNS OF PAIN OR ILLNESS

Pain in her hip. Trouble on the stairs at night. The tell is that she cancels something small — she never cancels.

IF THEY BECOME OVERWHELMED

AVOID — MAKES IT WORSE

'At your age.' The word 'facility' in any sentence. And comparing her to her sister, who was in care within a year of her stroke.
